Dear Mrs Jackson

I send you one of our Annual Reports & hope that you will have a notice of it in your paper. Perceiving that you kindly advertise the Christ Periodical of Women's work for Women - I thought you would pretend I was not willing to do the least thing for Home Missions - And "One Mission field" spoken of by the Board has caused any notice at all. It likewise thought we had not done much for Home work, but our Report shows the contrary & all events we have done all we could - It is perhaps unfor

because for us that we did not turn our attention exclusively to obtaining subscriptions. If we had done so, we should have had a handsome larger receipt to show. Now, when we became lost so much by our collusion to the Home work, Headland don't give us any credit for it. Dr Dickson seemed to acquiesce in what I stated about Trinity ville the hope we could get in the Orphan work. I take that all off the Post. I am tiring my head. but I am getting so much to feel that I don't know who is to be trusted. You know well that I have tried to do all I could. Quote has Church has never had no answer. Perhaps he can't understand our forbearance in that matter about the school. but

Dear Dr - I believe I am blessed (?) with the richest experience of dilatory, procrastinating, inefficient eldership of any man in Kansas - I die daily on this account - the Church is $100.00 behind on '73 but they have set 8 nights for a settlement, and I shall probably get in my application soon - what I expected, they have raised but $250.00 - I shall ask $500.00 of the Board as in '73 - making $750.00 but I assure you unless this field does better in future or the Board is willing to make up what is lacking of $900.00 I cannot stay longer than '74 - Yet I am buoyed up with the hope that we will fill up this year and have a growth in all respects.

I meant to get a "letter for publication" to you ere this but must plead other cares, and now I am not sure you will want to use this - but if not, please send it back.

I am respectfully Yours - Wm R. Cary

The papers you left in my hands in '71 are still with me as also a portion of the new notes - As Mr Cook assumed to arrange this matter I have done nothing about it - In Conversation with him on the subject two or three days ago he said he would collect and remit what he could during the early part of January - he said also that quite a number had wanted to extend the time until this present winter and that he felt sanguine of collecting a considerable amount during the present month. Our wheat crop is good but owing to rain and various causes, up to 1st Dec last little

had been marketed. I will keep track of what Mr Cook does in this matter and write you again, and will cheerfully write you at any time when you wish to learn anything in regard to how matters stand - By the way the letter you wrote in July last addressed to Mr Cook I enquired & handed to him and he remarked he would reply to it but I don't know whether he ever did or not. If not I regret it as not at least acknowledge receipt of it

Our Mr Newell, we like exceedingly well - he is a man of great power in the pulpit, a thorough western man out & out. well acquainted & one with every body and popular with all his wife is a very lovely woman but so much of an invalid that she has not been able to be at church but two or three times since coming here last August. She is however very active

in Christian work and is the life of the ladies Missionary society, and has also organized a Mission band of children who meet with her at the parsonage once in two weeks - On the whole while our Church is rich in grace and spirituality yet we are poor in temporalities and find it keeps us actively Engaged to make both ends meet - We hear occasionally from Mr & Mrs Killen who are located at Mishawaka Ind. very comfortably I hope, for I think both are worthy of it. I became very much attached to them and regret both Mr Killens sermons and friendship

Dear Mr Jackson

Enclosed you will find four dollars ($4.00). in payment for two copies of the weekly Rocky Mountain Presbyterian one is for Mrs Paul-Flick. the address is Fort Collins. now Mr Jackson I am behind on the monthly which you have been so kind as to send I as the hard times still binch us I am affraid I shall have to be counted among the poor ones. but I did intend to pay it. all I can do at this time is to offer my poor thanks. I will try I get some

subscribers for you still I have not much hopes of getting any money is so scarce.

There is quite a religious intrest in our neighbourhood at this time two ministers by the name of McConnic & Ross (united brethren) are holding them & they have some converts, there has been meetings every evening since the new year came in & daily prayer meetings at the diffent houses. I wish it might reach Collins & warm some of the hearts in that place & make them of one mind, I so wish that you could come a mong them, my heart aches so at the state of things & my self like Mr Patterson & I use my influence to have his friends

stance by him, but there are those that will pull down instead of build up, I feel like saying many things but I know you must have many burdens to bear, & I do hope that every church under your watchful care, dont have so much trouble, but the rest of it I think is the disappointment one felt in not getting the man for Wy that you started with. I have forgotten the name, I fear that Mr & Mrs Armstrong are doing much to hinder our cause. Oh pray for us that we may be united & helpful to each other.
Allow me to wish you & yours a happy new year,

Dear Brother

I notice in the Rocky Mountain Presbyterian of Jan 7th 1874 in an article entitled "The Empire of the Pacific" a statement, that the Presbytery of California was organized at Benicia Feb 20: 1850 and that I was present as a corresponding member. This is a mistake. I was present as one of the original members. The organized Presbytery consisted - of what is here sometimes called the three Ws - viz. Woodbridge, Williams, Woods.

Being one of the original members of the first Presbytery formed in California and deeming it about the highest honor of my life, excepting that of being the first elected Moderator of the Synod of the Pacific, I do not like to be deprived of it.

Most truly yours

James Woods.

P. S. Did you get the article I wrote you in reference to Missions in Nevada. I directed ~~to~~ it to care of the Secretaries Kendall & Dickson Newyork as you desired.

It was no account, but I thought I would send it. I should like to missionate amid the Rocky Mountains for a time, if Providence should so direct — J. W.

Dear Dr Pantzer

I have
very anxious to see you for some
time. Have only [illegible] Friday to go to
Denver for a long interval was
last Friday & then I had only a few
hrs in the city & failed to find
you at home — I was anxious
to talk with you about your plans
& prospects for building a church at
Benton. We must have a house
there soon & it must be a good one.
The Episcopalians are [illegible]

have brought to a boat (3 cts each)
in which I think, after a residence
of some time in the place, to
be the most desirable [illegible], other
persons to build [illegible] as comes.
I have chosen my building — 30×60 in
the clear — brick walls 16 in. thick — buttresses
between windows — Corinthian
stone finish — gothic style — tower
with spire 90 ft high — audience room
30×46 — [illegible] in front 16×30 — two
isles — with block [illegible] between
walls in centre — heated by
furnace — From the first sitting on all by
[illegible] no [illegible] pews as each when

completed a Court House. Exceptions of any character will readily arise beyond this circumscribed which I expect & trust. Persons in the community are in sympathy with the movement & like any plan & will assist - But after all the majority element is an obstacle in community if steps are not taken, but we should not complete the house - how any church will pay any preference & I propose to go East about the 1st of Feb. to get assistance - I leave the times are hard but we must have a house & I will expect no effort on my part to succeed

Rev Brown (the Episcopalian min.)
Harry asked to go and together—
The congregationalists would come to
occupy their building very soon & that
that church was sold in the end— He expects
to go away soon— they will allow us a—
French Union until he goes.
Will a building ever grow? would be
necessary—Paul— Paul did not speak
to you of the inconvenience of accom-
ing from having a house of our own—
How what do you think of my plans?
It has been a matter of long & earnest
thought & prayer— & like the difficu

to be overcome & the discouragements to be met — & we are many & great, I confidently believe the Lord will bless us & that we will succeed.

Mrs Bl & I expect to be in Utah by, as far as he is in our power, instructive & entertaining lectures on Col. & Mexican work. We expect to visit the various large towns & cities.

I would be glad to have any suggestions from you in regard to my lecture & the whole method of procedure — & time of Conf (as that is not fully decided upon) &c. While you give me Christian direction &

persons of your acquaintance, either ministers or laymen, through the middle of October?

I am sure of persons by invitation of Bro. Page to assist him in a protracted meeting. Think the indications are favorable for a good work. Pray God's blessing upon the efforts I am put forth. There is a deep yearning in Israel among the unconverted & the outlook is encouraging in deed. I so long to know that Christians are making earnest efforts to secure the promised Heavenly Shower & the latter flood upon which the Master has bless me. Yours

Dear Brother Jackson -

I have $400 - to send you soon as I can bring things round right. I received your letter enclosing the letter from the Pastor at Fairplay also the circular from the Central city church. I have taken some time to think the matter over and have partly well decided on the following plan.

1st Loan $50 toward the amount you are holden for the church at Rockville

2nd Loan $200 - to the church at Central city on their giving the bond of Church Erection and security payable in 5 or 7 years or as they think best.

3rd $150 to the Church at Fairplay on the same terms.

I do this for three reasons - 1st often happens that a church at the end of 5 or 7 years can well return the money given them to help other struggling churches - but they get such work and

do not finally give effect having finally removed. I do this the more to help the churches concerned. Do not you think this is best: by so doing I can help the churches till they have better times & then the money will be to help others. - Above are the people interested in those two churches and let me know. I think it will be best for me to let the Board of Church Erection have the money for the two specified churches. and they can remit it to you at once & take the securities. Do not you think this would be the best way?

Let me hear from you as soon as you can respond to answer. -

Hoping to hear from you soon I am yours truly.

G. M. T. Johnson

P.S. Rev R.H. Wilson Con Secty Ch Erection - recommends me to let the church at Glengarry go home to the mother. That church has lately come to us from the Declaration & Presby can not unite. & perhaps they will have to join the Ch Presby. but my opinion is to help.

I hope to help Lucknow & Wingham.

Let me hear from me soon -

Yours

Canon City. Colorado Territory.

Jan. 27. 1874.

Dear Brother Jackson,

I called the ruling elder to my house for a consultation, shortly after you left, and plumbly and plainly said to him that, if the church could not with me and pay up, according to its pledges, all it is owing me, I was perfectly willing to resign the Canon City charge; and that he might consider and treat me as resigning said charge forthwith, or omit the agreement that the resignation should take effect as soon as the church should have paid me up fully. They are making arrangements to raise the money. But there is a great reaction taking place. Last Sabbath was my regular day, and I had done nothing at all to bring people out, further than to publish the usual notice. And yet the house was filled with as attentive a congregation as I ever preached to in my life. There were as many as 50 present in the morning, and as many as 75 or 80 in the evening, altho three other churches were at that time having services. How I want to see you about many things. I want to know that every dollar of the $300 pledged for me is

could be raised on a way that [illegible] and
have that case tried at Chicago removed.
But I have fully determined to act
according to the understanding expressed and
have written to this effect to Bp. Bowman at Staun-
ton. I have asked him to advance the neces-
sary Circuit charges and retain them after the Chris-
tmas - Labrun and Mt Mt. Valley. I hope you will write
to your about the matter, and advise them to
do this, it being agreeable to me. Bp
has to give ground and the entire appropriation
will be given up, as soon as the Parsons Confer-
ence will get another minister. Those [illegible] letters,
respecting the latter, are important; as many
people of high intelligence & refinement, and many
wealthy families, have homes in Shenandoah
Valley. The next town, called Roanoke,
belongs to this Valley; and there have no re-
ligious privileges except a Methodist man and
a few of my sons.

Bro. Jackson, my wife wishes me to ask you
to send the boy's clothing. We will need it, this
winter, very much. My dear brother, I am glad to
[illegible] you can [illegible]. It was a great com-
fort [illegible] to know how to estimate
[illegible] and [illegible] case. We shall

Dr Sir

Our young place has commenced its march of progress in good earnest. We have organized a Ditch Company to furnish water to the town and surrounding country — We have succeeded in getting the proprietors of the land on which the village is located to consent to the following plan viz — Every other lot to be sold at a nominal price (ten to twenty five dollars) to those who will build on them — all the proceeds of lots is sold to go into a fund for town improvement — Advertising [illegible]. And now the feeling is becoming universal that we must have a church

Services are practically discontinued at the M. E. Ch at Birdsill,
At our occasional services here the School house is insufficient to accommodate the people
A growing interest in the success of the young town would induce many to help in the matter who "care for none of these things"
The feeling is that we should ascertain what church will give us the most outside assistance and all turn in and help that Ch erect an edifice. The question seems now to turn on the Presbyterians or the Baptists with the former ahead. A meeting was talked of for last night to determine upon the matter: but I persuaded a postponement of the matter for a week or ten days, I could write you, that we might announce definitely what the Pres. Ch would do for us, both in the matter of assistance in putting up an edifice and in furnishing us a good minister. We can raise not less than $2000 to commence building in February — I think — but want to put up a good substantial edifice. We will try & hold off the meeting till we can hear from you — please answer as soon as this reaches you — every moment is precious

Dear Brother Jackson,

I will make it a point to visit Mt. Vernon regularly during the winter, and Lehman sometimes, the weather will be such as to prevent it. There will be such weather as to render the trip unsafe. But during the warmer months, I expect to have my residence in the Valley, and then, I trust, I will be nothing in the way, whatever, of your coming here, and taking dinner with me. The [illegible] Mr. Gentry, I have many times met him at the [illegible] here. Keota is a good appointment, and I will appreciate labor much, I think, to pay something from it. At Lehman, the people have been [illegible] small houses, and as soon as it is completed, all will be glad to attend to [illegible] at Lehman. I do not know whether the C.B. here will

not know when they will retire from us. They seem
almost to have relapsed entirely in their jealous
endeavors to get me off, and not to know what to do.
The simple fact is, the people & the laws are against
them. But I am not at all in their way, in any man-
ner. I am desirous to quit working for them, and
have told the Board so. If they, however,
be pleasant for me to continue to work at the County

I can do a great deal of good, on the present arrangement
and can have nice treatment. My friend, B. F.

Dear Brother Jackson

Enclosed I send you Jas. Clelland's check on Colo Nat'l Bank Denver in yr favr for $15. to refund Amt expended by you on your trip here a few weeks since -

On 21st inst I paid Mr Bell $100. in full for his services to date and I suppose he will at once send in his resignation as officiating Pastor of 1st Presbr Church of Cañon City, which he has promised me he would do, and which will be in accordance with the wish of every member of the Church (except two, whose signatures are not obtained, being absent from

town) as expressed in their letter to him under date of Jany 20th 1874. I suppose the Home Miss Board are advised of the condition of things here, and will see that their funds are no longer used for Mr Bells support on this field. Their money has been shamefully wasted here since Mr Bells reappointment last fall.

In regard to a supply of our pulpit for the future, I hardly know just what to say. Of course we want preaching as often as we can get it. We have thought of inviting Mr Vandervere to preach for us, and if his services should prove acceptable to the people, would it be well to ask him to supply us for

a while? Have you any plans in regard to us? or any suggestions to make? My own opinion, I am advised by the C C I Co. will again be required at South Pueblo on 1st March, and I presume I shall be there much of the time the coming Spring and Summer

I think the material prospects of Canon City are brightening, and I am decidedly in favor of providing ourselves with a place of Worship of our own before another winter, even though it be but a cheap and temporary building. Please let me hear from you at your earliest convenience

Mr Bell has preached in Canon City but four times since October 1st 1873. and I believe once each at Labran and Ula - at the latter place when there on business connected with his duties as County Supt. of Schools He wished us to pay him an additional $25 - which we declined doing - He may ask from the board more also than he is justly entitled to receive, in which case I trust he will only be paid for actual labor performed, as above stated, and not for time which has elapsed since Oct 1st - He has not ordered any Pastoral Service except to preach - has not tried to do so. nor could he, have done so had he tried

I shall be so glad when we get rid of him and yet I believe he will make trouble wherever he goes. At Evanston he had a good opportunity to build up his character but I do not think it is in him. Hearts of others Engaged in the
Christian work.

I am not as well as common
to day, but my mind has been
dwelling very pleasantly on a Sweet
text I met with in a Sermon I
have been reading. It was so sweet
to me that I will give it to you as
it struck me, as I read them - "The

difficulty had been that while
trusting Christ fully and entirely,
and alone to deliver her from the
guilt of sin, she did not trust
him fully, entirely, and alone
to deliver from the power of sin.
She knew she had no strength
of her own and she was her con-
= stant prayer that Christ would
give her strength., whereas she
was to have no strength at all,
but like a child folded to his father's
bosom beg his father to drive away
his foe, so she was to hang helpless
on to Christ, and ask him to
fight the foe in her heart, trusting

Runs practically to the last thought,"

"I thank you more than I can
express for the interest I have had
in your prayers. I long to have my
will entirely lost in the will of
God. Sometimes I think it is,
and again self rushes in & interferes.
It is very helpful to think of the time
when we shall be free from sin.

I am too feeble to write to day
but wished to know if the money
had reached you.

Faithfully your friend

Dear Friend

Rev. B. F. Jones has just been in, and I have had a conversation with him on the subject of the paper I proposed to have you send to Mr Jones. He tells me the purpose for which the Sand subscription was for the use of the Ladies Missionary Society and not for themselves. She desires you to send it to Mrs Williams c/o McCulloch. (Dont forget if I have spelled the name right, or whether the last syllable should end in laugh.) It is pronounced the latter way, you will probably know. I never spelled the name before. You will see that by this arrangement they will be apprised of the paper entirely. As I wish the

weekly, and also with Mrs. McCaskey
also. I know it I will send two
dollars for Mrs Jones paper as soon
as I hear from you. When I spoke of
aiding, to a small extent, any missionary
who was needing aid especially, I did
not mean as you seem to have under=
stood me. I meant if the Brethren had
brought sickness, or distress in any form
to any, I should be able to lend a small
amount. If you think the sum I spoke of
is not the Sunday schools to support
a home missionary would do more good
in aiding to build the Chapels of which
you speak, and will let me know, I
will send it you at once. When I send
the money for Mrs Jones paper I will
also send twenty three dollars to aid
in the "missionary paper." I don't think
you could do good in a better way. I may
be able to send a little more during the
year. I need tell you how gladly I would
make it thousands. With sincere thanks
for your prayers to God in my behalf
I am very truly your friend D. A. Lewis

not visit us this spring.
It is truly impossible for me to
go to Pueblo this spring. I have

Dear Friend & Brother;

Paper packages Nos. 16, 17, & 18, have been received. Our Reading Room is pretty well stocked with reading matter, and is good enough for anybody. And although well thought of by the community it is not, I am sorry to say, as well patronized by the citizens & miners as it deserves to be.

We have been making very slow progress during the winter. But I look for better times when Spring shall open again. The print of many will close up my print year here, and I entertain

the hope that it will see us entirely out of debt, and ready for a new departure.

Our hearts were gladened last Sabbath by the sound of a church organ. The instrument — a fine, large Mason & Hamlin Cabinet Organ — was procured and placed in the church through the enterprize & generosity of our citizens. It cost us 200$, and its payment has been fully provided for.

We held a Praise Meeting Sabbath evening which proved to be a very pleasant & profitable occasion. We love to sing the songs of Zion — even in a strange land. Our present want is a good set of hymn & tune books, but they will come I trust by & by.

I hope you will find it convenient to come up here about the first Sabbath in May. I should like to make it

a sort of annual occasion. Besides we will be ready by that time to effect a better organization than what we have at present. There will be several to unite with the church; probably two or three as profession of their faith. We shall also want to celebrate the Lord's Supper, as it has never yet been administered in this place.

If you can arrange so as to be here the first Sabbath in May, I promise you it will, under the blessing of God, be an occasion such as shall gladden our hearts and encourage us in the Lord.

We have had some seven storms, although the weather is fine now, and an early spring is anticipated.

Some families are beginning to come in, and there is plenty of work ahead.

Hoping to hear from you soon,

I am Your friend & Brother

Canon City, C[olo]., Mar. 14, 1874.

Dear Brother Jackson,

Your kind letter was duly rec'd. I have just returned from Middle Park, where I encountered some very severe winter storms, and had to break a road of snow-covered ice. I preached at Hayes Creek Saturday, at Ma[illegible] & Fay. at the latter locality, resides Mrs Wm F. Grady. The services were held in her house, close up to the snowy range, & a few stately pines — a very beautiful spot. The Germans, the neighbors, the Southern family (Presbyterians,) were present. I left them some copies of the Social Visitor. Mrs. Grady gave me a letter to take to you, containing one dollar for the [illegible]. I accidentally left the letter and two or three others, at the Ma[illegible] P.O. office, while arranging some mail matter.

Did I see the Postmaster, Mr Joseph A. Davis, yesterday, and he said he supposed it was a settlement he sent to you; so he sent it on. If the dollar was not coming in it, let me know, and I will make it good. The letter was not opened when I received it.

The particular object I had in view in writing, was to say that I and my wife will start for Denver on Monday next; and, if you will take the trouble to have the postmaster at Fort Collins put a postal card for me in the office at Denver, telling me where to stop with my wife, and where I can keep my money, I will be much obliged. We do not know but we may encounter some snow and winter storms on the Divide; but I am shall try the trip, nevertheless.

Dear Bro. Jackson.

You note came to hand to day. I have been thinking of writing to you for several days past, but have not found it convenient. I have been under the weather for a few days, but feel better now. Bro Barton, when at Allegheny, said if so did he say he would come out here. Since I came here we are thinking of taken hotel in Binghamton and have been planning these great things - to have a home & worship within the next two months. The Kings daughters Sunday afternoon we were out, so I have

been able to get them, to preach in the Eve. & Reuben will come we will keep him in then and say nothing about it - in all. We have ten or a dozen members and the Methodists have lost five or two - Did you see Hall while in N.Y. and what did he say?

We have had a most unpleasant time of it, our minister has accidentally killed the other day while out hunting - We have quite an interesting meeting at our Union Corn. three miles in Jefferson all heads of families, two of whom have never been baptized, besides two with them by letter. I think it is to be held there - Brown goes to Phila - We are expecting the biggest snow storm of the season, to day - over two feet since last night - Kind regards to mrs. J - from Bro & Uncle,

Greeley, Col. March 19: 74

Dear Bro. Jackson.

A very severe attack of inflamation of throat and lungs, which has confined me to the house for nearly two weeks, will prevent me from being in attendance at Presbytery. Yesterday I made all my arrangements to leave in the Friday Train this noon, but find my self so unwell that I deem it prudent to forgo the pleasure.

Indeed my health has been failing for some two months past, and I have not been able to meet the labor of the Congregation without injury to myself. I have come to the conclusion I need a rest, in order to recuperate. This field is a very hard one, from the fact, that the Presbyterian element is so small, and not worth much at that. I have therefore come to the conclusion to resign my charge of the Congregation, on the first of June

when my commission from the Board expires. I purpose to give notice of my intention to the Lay[illegible] on sabbath week. I do it thus early that the church may take the necessary measures to obtain a supply, when my time shall be up. It would, in my judgement, be injurious to our interest, to be vacant for a sabbath.

If you know of any suitable Bro, for this field, please let me know. He can have the privilege of preaching at any time in this pulpit: and it would perhaps be better he should; the people would be better pleased.

Dr. Hoshia of Jacksonville Ill, last spring, wanted to come to Colorado; perhaps he might now, on account of his wife's health.

Please let me hear from you, at your earliest convenience on this subject. I am anxious the work begun here should not fail.

Kind regards to Mrs J., and believe me yours in Xt

Dear Brother

I think you hardly understood my last letter. I asked, & intended to ask, not if you thought I could do more good to the Cause of Christ by giving the one hundred I had offered (in case you could find two Sabbath Schools willing to undertake the support of a Missionary, Each with the help of fifty dollars) by giving the money to the Church building, in either of the places you name. You did not seem to understand my question. And now, my dear brother in Christ, I have concluded to send the one hundred to you to do with as your judgement dictates. On the ground, as you are, you are much better judge of the best mode

of doing good. What I long for is the building up of Christs kingdom in our Lands. And situated as you are you will find an opening in my mind. I am not quite sure I have always been judicious in disposing of the little I had I could now divide the sums given to the Missionaries and pay, and perhaps to the Los Vegas Church it might be doing more good in some of the Churches of which you speak. Others perhaps would have subscribed those deficiencies who may not feel the interest in the little places of which you speak. The sums however were not very large, and I hope Gods blessing went with the mite. I never regret those things as the promptings are almost always seeming to be from my father. There seems to be more imagination in the towns of which you speak, more kindness. Here, was the only reason why I wished particularly to end the last hundred Dollars, for Romanists will, I have no

doubt, be found among those now on the ground who will stand by the Dr. in the other parts of our country. I have enclosed a draft which you will use as your judgement dictates, either for the benefit of Missionaries now in the field, or towards building a church. Which is over one hundred pleas use in your paper or in either your private missionary work. God will (I am being sure) send the means to help this burden from your shoulders. It should not rest there. God will answer prayer. He has to give done it we cannot think. He has answered the prayers which have gone up for me in delivering me from the fear of death. Almost all the time I can take in perfect trust that, as you said, "At evening time there shall be light." Sometimes upon waking, and the question has Salvation come forcibly to my mind. I have never felt as so many around me have. I cannot point to any time when I was converted. I should like to do it. I should place it about

my Eighth or Ninth year. I have thought a good deal on this subject, and can only say, I have the cause of Christ more than all the world besides, and that I long to know my will [illegible] in Every thing and that moment of the time peace flows like a river over my soul. And "I know that my Redeemer liveth." I have at any time felt [illegible] so much of a sinner I fear, as at this time, and it is precious to feel my redeems is in Heaven. And when he shall appear we shall see him as he is.

I wish I could send some intelligent writing a check. I might perhaps have a little more in a while for the paper. I think I told you the junior preachers on all the Methodists and are both in sympathy with me in these things. And I cannot go out, and it matters not difficult for me to do anything outside since my precious friend Mrs Dickson left here. She has been so homesick since she left that she feared for her life. She could not trust herself to come up, fell in may been made. She has made me one visit and is getting into work home and is happier. Dr Dickson brought a very Efficient peace, which civilized her very much, as it called forth reverence to preach and the Panic coming on it influenced her churches and was a fearful Epidemic for Encroaching so much on his time. I send

Rev. Mr Lacken,

Dear Friend,

I have been hoping for some time to hear from you and to have something of your Travels during the past winter - & have since rec'd the Nos of the Rocky Mountain Visitor for which I am much - My little daughter says "that last month's paper did not come - and she hopes she can get that number" -

I send you a Report of the Military Post Library Association in which is inserted a copy of a circular letter issued by our Society - as Attorney with us That we have commenced in earnest work at the Military Post - The Letter of our Secretary is lithographed and we intend to send it in a quiet way to Ladies at our Military Post or the frontier - That work will come in with your Missionary Work - and I trust we may join hands across the Rocky mountains - in the good work of "laboring in the Gospel" - But may husband and I feel a deep interest in Your abors

Christian brethren — and you can always come upon us and upon our children as your friends — I do hope ~~you will~~ you will come to our home when you may come this way. — Our Sunday paper of this week is filled with accounts of Texas. One second Lieut on appointment is the 4th U. S. Cavalry — has just returned to Texas to join his regiment — he is stationed at Fort Clark where he expects his wife with their child to join him in May — They will probably remain some time at Fort Clark. I feel deeply interested in all that is said in your papers about the Evangelization of Texas —

My daughters find a great many kind and warm friends. They are trying to do them what they can to keep alive Christian Ladies with them to act as active Visiting Pastors — have a Bible Class for the soldiers — One soldier has written several more interesting letters giving accounts of the coming "out of darkness into light"

I am hope my daughters will go [illegible]
[illegible] home - I gave him
kind invitation to my daughter Gertrude
to stop at your home when she
is down - but she was prejudiced and
when she arrived there from St Louis
was she felt dissipated about going
to a private home - and passed the
night at a hotel. Gen Ripley
came to Cuetta with an Ambulance
to meet her - I should like to talk you
about the Mormon question but as I
know - perhaps Chaplain Eaton will
tell you all about them -

Will you please write me what you know
about the Mormon as Jews - do you
think the Indian Board of Missions can
do good by helping Bro Brown to his
as Jews - and how is his school? he
has - a full school of Mexicans and has
an excellent Christian lady as assistant -
Would you advise us to move [illegible]
up the Mormons as Jews in all and

Dear Board with our recommendation
Mr Roberts -. If you think he can
do good with his school - all the prime
of the churches are interested in their
Minister and are supporting Mr Roberts
the Assistant - is give such an assurance
of assistance to the Minister in New Angus
It withdrawn support from the Ministe-

Dear Bro. Jackson.

I am glad to learn the difficulties between the two churches of Denver are at last amicably adjusted. Bros. Wells and Semple will now have no "root of bitterness springing up" constantly between their churches, and a wider and pleasanter field of usefulness.

Indeed it is delightful to know you had such a pleasant meeting of Presbytery. I regretted very much that I was not able to attend.

I did not resign my charge here yesterday, as I expected and intended. When my purpose became known to the congregation, so strong was the opposition to it, that I had to consent to defer it. My health, however, seems to require, and

my judgment is that a new, and a younger man would be more useful. I only wish to know what is the will of the Lord.

My Commission from the B.? will not terminate until June 1st. My wish is to resign now, but my resignation to take effect at the close of my commission. I do not wish the Congregation to be vacant: but propose that they shall have these two months to look up a man, that will just suit them. This course I think decidedly for our interest here.

The opposition here is so heavy, and the amount of sound Presbyterianism so small, that a man of inferior qualifications would not answer the field.

I think I shall resign in a week or two. I did not feel like pressing the matter now, lest it might discourage and be injurious. But the way will be opened in a better time.

Do you know personally the qualifications of any of the Brethren you named, as deserving a field of labor in Colorado? What of Morehead of Greensburg Pa? Of Mathes of Shawneetown Ill? Of Marsh of Portland, Mich? — Ib.

Young men from the Seminary have hardly the experience needed for this field. We have had three of this class this winter, and they have all failed — Mr Stone, in the Methodist — Mr Dowd, in the Congregational — and Mr Pratt, in the Episcopal — all very good young men, but without the requisite ability and experience for their posts.

The distance east makes candidating out of the question: and there is no use in getting a man here who is not entirely acceptable to the people. It would be an injury to him and to them.

I thought of writing to Dr Hill of Blairsville Pa, for information about Mr Morehead, and to Dr Candee of Richview Ill,

in regard to Mr Mathes. I know of no way of getting information as to the others.

What information you may have or can get in regard to any of them, please let us have it.

We want a strong man - a worker - and a good preacher.

With kind regards to Mrs Jackson, I am your brother in Xt

Very sincerely

Dear Bro Jackson:

I am in quite a quandary as to my duty to this people. When I began to teach I promised that the money which they might collect while teaching might go towards cancelling their debt. When the school closed I supposed of course the agreement ceased and that I would be entitled to my salary. But they have taken all my salary not paid into me, they have in one or two cases appropriated special donations where money was given for me from strangers like Mrs Breckinridge and all the proceeds of a festival gotten up in my name, so that I am in the last state of embarrassment. And the debt which they have just paid was made before the opening of the year since which time they made a solemn assertion in their application for and that they had settled with their Pastor for former services. I am truly cast down in spirit and would see to your advice.

Yours in the Gospel

Dear Sheldon

I write fearing you may get a wrong idea about Sampler coming here from our letters. You may quiet all your fears concerning our reception of him. If he comes sent by the Pres. he will be well received, if not at any rate for I have no desire to quarrel, or indulge ill grudges. Life is too short for such things. I preach peace & mean to practice it. If he acts like a man he will get the credit he deserves. I am willing to overlook the past. I have told him so, & when I wrote to you that his coming to Denver did not from any thing about it make the day before I wrote, if has come that surprise. As to Mary I wish to say that she was very kind to me while in her house, & I have a grateful remembrance of it. If there never would have been any thing unpleasant, if Sampler had not had such an influence over her, I certainly am very willing to overlook any real or imaginary wrong. I feel better to speak out as I feel, then forgive & forget if possible. I will expect a visit from if possible over Robert, & he has no great grudge, only he did not fancy the man. Sampler must learn to recognize merit in old Colorado Pioneers means to that here as long as he can I send his program for the 4th of July also do to Henderson saying that he & Bowdoin have

brought up Congregationalist, he told what he knew to be false as far as Boydon is concerned. Boydon was brought up a Shaker, when he married out of the sect, they turned him out, since then he has been mostly in the Pres. Ch. He made himself ridiculous after being so long in the Pres. Ch. to pretend that he knew nothing of its rules. He does what would not be recognized in a Con. Ch, east. They have been getting a new Organ. Cost $2000 dol, left after paying Josh Billings. The man they purchased the Organ of always them $25 for the old one. They come to R. to know what he was going to give towards it. He replied Nothing under existing circumstances, I told Henderson that they seemed to be going to the Devil as fast as they could. This new Organ is got to draw an audience. They had it last night. I don't know whether many were out or not. Henderson says he don't mean to break pres rules, while in the Ch, but he has been looking over the books & finds it is said that all who have the "Lord Jesus" may be invited to the communion table". I have seen this somewhere myself & thought it was very loose, if might embrace all who choose to come. But of course it means all in Evangelical Ch's. Henderson would be risen then all the DD's in the Ch. It should be interpreted by the usages of the Ch. I want the Committee to be prepared on the subject. He will die hard. Mr. M. would take more decisive measures to get rid of Jerome, if he could see any way to have preaching here. If they turn upon him as they threaten he has no preaching in Keokuk & mean

Dear Mary

I am glad you like your dress. I did not doubt, but it would make as good as many. I thought I wrote more despairingly of it than I needed. She did so of the Jap silk and so me if he one would [though the Jap] have been more than the sateen. She wrote there was some new silk & sateen. It occurred to me that if you had any of your new silk you might have some put on one of your old. Lots of people use silk as very fashionable & it would not interfere with your new dress for sale. This is a mere suggestion, I don't know any thing about the silk left. I had design to give Florence mine to Daisie, if it was worth anything, even if I had made the dress for myself. I wrote to Sarah sometime ago, asking if C. would care if I gave you the dresses, she wrote she did not know, that C might not give me any more, if she thought I did not deserve them. Always to keep them. She afterwards wrote, that she did not think C. would care, & that she would make it right with C. I thought they would be more useful in your family than in mine. Nothing has ever been said to me, Mrs or Sarah of the matter except in my letter to Sarah nothing ever will be said. I am disposed to let the "dead past bury its dead," though many things were said for me in my own home and others that I despised from sleeplessness, in Sarah's letters.

I saw in one of the Bazar papers letters, that peacock colors (like your sateen) were very much in fashion for evening dresses. Though the Bz said they were not in point as they had been. At least I suppose that color is called peacock color

Gage Greeted from the Dept "Is Mrs Hart
how you sent for me", Robert Rice met
you at the Depot I presume, if he knew
you were coming by the noon train, the other
train goes to Central I presume
Tuesday Morning.

This should have gone yesterday but
R. did not call for it in time & I was afraid to stop on
the street. They are trying to say that it was not an un-
orthodox that preach in our Ch at the time alleged to.
that it was a Unitarian. That makes it worse than if
Universalist preach in it, for the Unitarians deny the
Deity of the Saviour, Universalists do not altogether
& I shall much prefer to hear a Universalist, to
a Unitarian. They also say that one of the females
whose children have baptism is a member of a Ch. I
don't know where, it must have been in Geneseo, for
neither ever go to Ch. & one makes fun of ~~Jesus~~ Jesus.
It is said that Lonnie defended the act of Pat assaulting
to a covenant strong, for a Pres. Minister to do so,
I notice that a stupid time he had in getting in town
to his Ch. in Central, thought he did not know any better
I think when Sheldon established a Ch, it would be well
to have a suitable covenant. I am sorry the other
day about Pres becoming infidels, Unitarians, or Universalists
I don't know but it is so. Inclosed I send the papers. I suppose
they take the Eagles. 21 & 6 must abandon all the stars & Bars
days ch is probably, then they, it is because Beecher has helped
to the destruction of Calvin, & Jonathan Edwards out of the Ch which God
I guess is true. They don't want to feel responsible for preaching
he is not orthodox
